StiL Futsal greets players and audience welcome to a futsal tournament in Porsöhallen! We will have a kiosk open with the most important (coffee, food and beverage) and the grandstand will be open to everyone who wants to watch the games. The winner of the tournament will go home with a mighty trophy.

The tournament is a mixed futsal tournament with 5 players in each team on the pitch at the same time, of which 1 player from each team is a goalkeeper. Being a mixed tournament means that both men, women and others are welcome to participate. There are no requirements on the number of players from each sex in the team or on the pitch at any given moment. The team must consist of at least 5 players in order to start the matches with a full team on the pitch. Since futsal can be very physically demanding it is recommended to be 7-12 players in each team.

There are two ways to participate in the tournament. You can either participate as a team or you can participate as an individual player and be given a spot in a joker team with other individual players. Registration for teams via Stil website or app and for individual players by sending an email to fotboll@stilsportcenter.se A Maximum of 8 teams can participate in the tournament and we accept the first 8 team registrations.

To register a team:

One person/ a team leader from each team registers the team via Stil website or app with a name together with his/her own name, phone number (starting with country code (+46 for Swedish numbers) if it is a non-Swedish phone number), email address and the color of the team shirts. The person who registers the team is the team leader. The team name must be suitable to use at public events and cannot be offensive or demeaning. StiL Futsal decides if the name can be used at the tournament or not. If you have questions regarding this, ask us by email or our Facebook page.

The registration fee is 600 SEK per team. An insurance cost of SEK 20 per player has to be added for non-Stil members. Information about payment will be sent out after registration.

To register yourself to the joker team:

The term “joker team” means a player registers oneself to the tournament as an individual player without belonging to a team. When the registration period is out the organizers will put together teams with the registered individual players. Every player who wants to participate in a joker team registers oneself by sending an email to us with your their name, phone number (starting with country code (+46 for Swedish numbers) if it is a non-Swedish phone number) and email address and tells us he/she wants to participate in a joker team. If you are a few players that would like to play together in the same joker team, write that in the email when you register yourself. Joker teams will be created if there are less than 8 teams registered.

Equipment:

Every player must use shoes that are suitable to indoor use and does not leave stains on the floor of the pitch. Shin pads are recommended to use but are not mandatory. Goalkeepers are recommended to use goalkeeper gloves, which the teams themselves are responsible for. Other gloves can be used as well. Joker teams will be able to borrow goalkeeper gloves from the organizers. The clothes must be suitable for athletic use and cannot be a risk of injury to oneself or to the other players. Every player in the same team must have the same colour on their shirts. The exception is the players who play in a joker team. Players of a joker team should bring a white and a black shirt. The colour of the trousers and socks is free of choice.

Rules:

The tournament will use voluntary referees from the Stil Futsal section and their decisions must be followed. The tournament will be played using futsal rules. This means among other things that when the team has the ball the outfield players are only allowed to pass the ball to their own goalkeeper once. To be allowed to pass the ball to their own goalkeeper again the opponents must have touched the ball or the ball must have been out of play. In futsal the goalkeeper is allowed to throw the ball.
